

AVRO | KO
HOSPITALITY GROUP
RESTAURANT SPACES

PUBLIC, the Monday Room, Saxon + Parole & Madam Geneva provide countless options for film & photo shoots.

Created and operated by award-winning design and architecture firm AvroKO, the downtown restaurants combined offer 15,000 square feet of rich architecture, design and lighting.

The versatile spaces have been conceived with flexibility in mind: used in their existing forms, they offer rich and textured settings. For a custom set, most elements of the design can be moved and removed, delivering a blank canvas.
